Health and Welfare Rebate

- Last year the District and the Association negotiated a Health and Welfare Rebate based on savings due to member opt-outs and District married couples.
 - This rebate was negotiated for employees who completed the school year as a way for employees to receive funds to apply toward the next year's health and welfare contribution.
 - There will be another Health and Welfare Rebate for 2017-18.
 - Anticipate it being similar in amount to last year.
- 

Health and Welfare Rebate

- Members will designate by June 23, 2017 whether they want the rebate paid out as a one-time payment or whether they want it applied to reduce their health and welfare premiums for 2017-18.
 - Qualified employees will automatically receive the one-time payment unless they notify the District Benefit's Department of the option to apply the rebate to their benefits premium.
 - One-time rebate payment will be paid out on the August 31 (classified)/September 1 (certificated) salary warrant.
 - Amount applied to health and welfare premiums will begin with September 30 (classified)/October 1 (certificated) payroll deduction.
